Caster HD (Hi-Def) is Released on Apple iPad

Dash across scenic landscapes and blast away a life sucking Flanx infestation!

Caster, the intense fast-paced 3rd person shooter available for Windows, Mac, Linux, Apple iPhone™ and Apple iPod touch® is now available on the Apple iPad with stunning upgraded high-resolution graphics!

In Caster, you start off as a rookie Caster and progress through a variety of missions in an attempt to free your homeland from an infestation of bug like creatures known as the Flanx. As you progress through the game, you learn 6 unique attacks that include **massive terrain deformation** and eventually allow for total domination of your enemies. You also earn experience points that let you not only improve the power of your attacks, but upgrade your abilities to eventually **jump hundreds of feet into the air and run on top of water!** Caster is an episodic game and this release contains the first two episodes. Future episodes are provided **free** to anyone who purchases the game.

Be sure to check out www.casterthegame.com to see the game trailer and download demos for the desktop platforms.

Caster HD is available from the App Store here:
